

ENGINEERING CONCEPTS, INC.

CIVIL ENGINEERING TECHNICIAN

Engineering Concepts, Incorporated is seeking an experienced Civil Engineering Technician in our Fincastle, VA office. Engineering Concepts, Inc. is an equal opportunity employer that specializes in Civil Engineering, including services ranging from environmental engineering to land development, surveying, water and utility resources and assistance with economic development.

Duties and Responsibilities:

The following duties are typical of the position but are not all-encompassing.

1. Prepare or assist in the preparation of engineering documents, details, schedules and reports as assigned.
2. Thorough knowledge and application of AutoCad Civil 3d.
3. Perform a variety of routine tasks, which are intended to provide experience and interaction with higher-level staff, methods, practices, programs and culture of the company.
4. Input of data into computer programs.
5. Operate off red-lined drawings and do detailing.
6. Provide support to the project team in all aspects of engineering production.
7. Responsible for efficient, accurate, and complete information documentation.
8. Maintain neat and organized work area, which allows efficient access to project information required by other team members.
9. Ability to assist in field surveying tasks.
10. Other duties as assigned.

Qualified applicants are expected to help out in whatever duties are required to deliver a quality product on schedule.

Education/Experience:

- A Technical or Associates degree in Civil Engineering, related field, or an individual in the process of pursuing a degree.
- Solid written and oral communication skills.
- 5+ years of progressive experience as a Project Engineer.
